PRICE LIST

Fall 1925 — Spring 1926

QUALITY

The following stock I grew myself and it is thoroughly reliable in every way. It is fully matured and carefully graded and delivered to the planter fresh from the nursery.

TRUE-TO-NAME

I exercise the greatest care to keep my varieties true to name, and hold myself in readiness at all times to replace, on proper proof, all stock that may prove otherwise. This is the usual guarantee of reliable nurseries, large and small. I personally cut all buds myself from bearing trees with fruit on them..
